### A Time for Thanks!

Although it shouldn't require a holiday to remind gratitude, it certainly helps prompt it.

There is so much to be thankful for and more than any of us actually realize.

I know for a fact that God and his team of assistants, are always working on our behalf helping in ways we cannot even imagine. For that I am grateful. I don't know where I'd be without them. They can provide solutions to problems and challenges and, at times, in an instant. They are all such a blessing.

I am grateful to you - all of you. There are those of you who have chosen to keep curious or interested in hearing what I have to say. I am grateful to your willingness to hear what I have to share.

Those of you who have taken it upon yourselves to work with me, have made a big difference in my life. You have provided the opportunity to do this work that benefits the all. In each session, we include countless stories that need clearing and energy and emotions released. All those included benefit including your perpetrators, who likely need even more healing than you require.

Since we are all one, when one is healed, all benefit. I thank all who are working on themselves and helping benefit themselves as well as others, including the all.

I am also grateful for all the aspects of life I have learned from doing this work with you, as well as behalf of you, when doing the global healing. There is so much to life I now know because of this work that were never known or taught before.

This is one of the most pivotal times in history. I thank all those who are turning to the light and making a difference in how, as well as how quickly, life can turn around so we can experience this next golden age.

Those that are joining in on our monthly group calls, where we not only clear your issues but address global ones, I thank you for that as well as your contribution intentionally benefiting the world.

I thank those of you who have referred your friends, family and colleagues and those of you who have gifted sessions to others. You are making a difference in my life, as well as theirs.

I thank all who, in each moment, choose the high road, the right choice, the light, love rather than fear, judgment, anger, greed, blame, selfish or lower options.

I want to thank those who have chosen God because enough of you did to return the planet to God's control rather than being run by darkness. As you will see, the more who do turn to God, the effects will become more evidenced in the physical rather than what you see demonstrated currently with the darkness running rampant through the negative behavior.

And, I thank you for your love, friendship and support.

Although this hasn't necessarily been an easy role or road, I am grateful to have found and had the courage to follow my calling.

As a specialist in clearing darkness, I want to thank the team and the Army of God for helping me do it. And, even with my regular sessions and the group clearing calls, I want to thank the angels, archangels and ascended masters for their assistance.

And, mostly I want to thank God for making it all a reality, it as easy as possible, always taking care of me and helping us open Heaven on Earth.

Wishing you Happy Thanksgiving!

Blessings,  
Joy
