Are you blocking success?

Do you think you could be more successful at your life, business or projects? Have you done everything you think you should but not getting the results you desire?

There are so many hidden elements within your subconscious that could be the reason why. When I learned and applied the law of attraction, I noticed I could manifest many things easily but not more money than what I made as a salary. When I taught others the law of attraction, we noticed the same dynamic. There were certain areas that flowed effortlessly and successful. But there inevitably was an area that appeared to have blocks. I wanted to find a solution and did. That is how I ended up learning about spiritual healing. It was a tool that helped me remove my blocks and now the blocks of others.

But what could be some of those blocks? I have discovered in my work, they could be fear and other unreleased emotions; limiting beliefs; ancestral, cultural or religious programming; karma; curses or spells; darkness; attachments and the energies of others.

We are the culmination of all past events, memories and beliefs. That past colors how we view the world and how the world shows up for us.

- The mistakes made by ancestors or your past lives could cause you to not get the results you prefer.
- Guilt you carry can block you from receiving.
- Anger that goes unreleased, can continue to cause problems lifetimes later.
- Lifetimes of persecution frequently hold people back from succeeding.
- Shame is the lowest vibration and we attract what we vibrate.
- If you haven't forgiven yourself or others, you hold yourself and them back.
- The world has been run by darkness and those influences are still experienced.
- Unless you clear attachments, you could be drained of energy or feel the emotions of others.

When you clear your past, you change and improve your future. Spiritual healing sets you free from the past that may be limiting you so you can achieve even greater success quicker and easier. Call for a chat to discover how you may be affected personally by these nuances.

Blessings,

Joy
