**Are You Wondering When the World Will Change?**

You have wondered when you will see changes occur in the world? There are many - countless really - that are occurring everyday that are beautiful, enlightening and enlivening. They bring you peace and pleasure.

You, however, are often wrapped up in your own lives that you have created that you can't see beyond the everyday details to which you have succumbed. Let go of your perceptions of what you believe life to be and begin to notice what has already occurred and visible to many.

There are many more smiles and joy in your world than have been noticed in a long time. Are you one of them smiling in joy? Or, are you still focused on daily struggle? If you are focused on daily struggle, you are living in the past. That world has slipped away for many. Many more daily are joining in the new world where they are discovering more joy each and every day.

The world is evolving for those who evolve. If your world isn't changing, then it is because you aren't changing. The world is built on perception and programming. Whatever you perceive and programmed to demonstrate, you will continue to experience until you change your view point.

Trust me when I say this. You are VERY powerful and are creating that which you experience AND you are demonstrating what you create faster than ever. The energies are supporting you more than ever in creating the life you prefer. But, are you intentionally creating that life you could have that is possible for you now that the world has dramatically shifted? Are you capitalizing on the shifts that have occurred to make your life sweeter?

The world has changed but have you changed along with it? You have a choice between two worlds these days. The old world filled with limiting beliefs and emotional baggage still exists for you if you prefer it. If you prefer the new world instead, you can join us there to experience a life of joy, love, peace, balance, freedom and abundance.

Tomorrow brings with it more light pouring into the planet. Use the opportunity it provides to assist you in letting go of the old and outmoded, to raise your vibration and help you soar to what is truly possible for you at this time.

Shall we all rise to the occasion?

Wishing you a wonderful weekend.

Faithfully yours,  
Joy
