Joyful News - 7/28/17

As I mentioned recently, Heaven had me on a journey of healing and recalibration. The physical recalibration has been completed and I can feel the difference. I know there is still healing to occur. Michael has still told me I have more of my past to let go of regarding this [crazy lifetime journey](#) of clearing the cause of darkness but you cannot always measure Heaven's help.

I have noticed with a few clients who have felt ill or somewhat more tired or off lately that they too are going through some kind of realignment or recalibration.

It is important to realize that this is the time where everyone should be stepping into their power, living in their right location, being in their right relationship and doing their right work or following their calling. The more people are on target for what is purposeful, the more the world will be in balance. And, of course, it likely goes without saying, the happier everyone will be.

I thought I'd share below a little background on Lakshmi as she came up for a friend and client recently as well. She has been a great assistance to my own recalibration as I share a story from my first introduction to her when she appeared in my home in New Jersey years ago.

Also, for those interested in getting a bit of recalibration, below is the link to our next monthly clearing call, which has been providing some nice shifts for participants.

Wishing you a wonderful weekend.

Blessings,

Joy

### Lakshmi

I'll never forget the day I met Lakshmi. Up until the day we met, I had no present-day knowledge of her. What drew my attention to her, was the unusual floral scent that I couldn't identify.

I shared the story of the day we met on a blog post where she gave some insightful information, which [you can read here](#).

I was astonished to find I had since channeled a number of messages from her that I saved in a folder. One of the downsides of being able to channel so many individuals and often is that it's hard to remember and keep up with it all. I now see there are other instructions she has provided that I am to share with you including how to manifest. So, I will have to dig through them and prepare for sharing with you in the future.
