Wisdom of the Guardian

So Much Has Been Happening!

My primary practice has been helping business owners. Our weekly half-hour appointments give us the chance to release negative energy, memories, emotions, limiting beliefs, and any other block to reaching their highest potential, succeeding quicker and easier.

They often come to me with wanting to make more money, but often end up working on their business as well as their personal lives. We can address and clear anything, including any story they are attached to from the beginning of time.

That latter dynamic opened the door to also clear much of the karma negatively affecting humanity occurring since the fallen angels. As Archangel Michael was able to work through me in the physical, it opened the door to address many issues negatively affecting you. You may not realize how many of the problems you have experienced were actually a result of the fallen angels and their negative impact on the world, the economy and your well being overall.

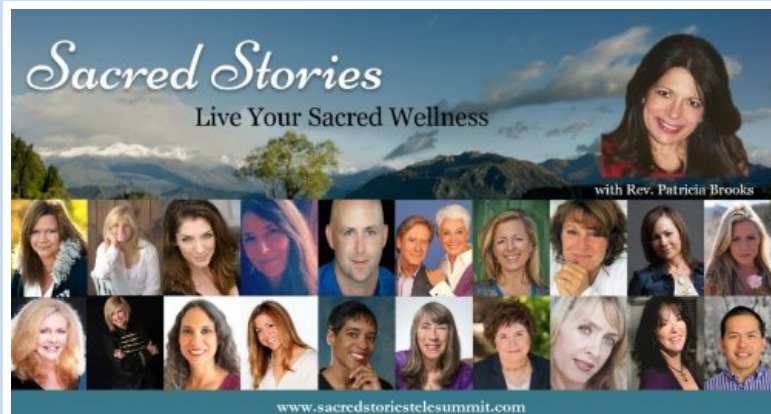

Now that that cause of their karma has been released, I have been requested to begin teaching what has occurred behind the scenes to affect change in the world.

This upcoming interview on Monday night through the Sacred Stories Summit will be one of the first elaborating on these dynamics. Details below if you would like to join us. There is also special opportunities for clearing as well being offered. And, the messages I have channeled from God are part of the package and his perspective is most certainly useful and, in some cases, quite eye opening.

Wishing you a wonderful weekend.

Faithfully yours,
 Joy

The Upcoming Rapture, Ascension and Heaven on Earth

There has been much fear instilled regarding the rapture. The hope is to eliminate some of that fear and make it easier for you to experience heaven on earth.

Upon receiving a message from Archangel Faith on the upcoming rapture, I created a blog post regarding it and heaven on earth, which you can

Business Clearing Example

When I work for clients clearing major corporate transactions, I clear all individuals, meeting locations, blocks to doing business, the relationships between the parties, and companies, and basically all involved. Then I tune in and discern where there may be blocked energies and situations and clear those as well. Every time you clear transactions, events, locations and all people, places and things involved, you elevate the potential outcome. One clearing for optimal results may not be enough but each time a situation is cleared, it becomes even more elevated for greater possibilities to be achieved.

It has always been rewarding hearing the feedback afterward.
